

Krystonia Club for 2012

You may remember the story of Grunch and his toothache. He is miserable enough without giving him anything extra to groan about. Well, it has happened again. How many teeth can this guy lose?

This time he has summoned his feathered friends the Tuthpecks to help him. There is one problem. These Tuthpecks each have in their possession two beautiful crystals. You know in Krystonia nothing is more valuable than crystal. The question is will Babul be able to safely guide a Tuthpeck to Grunch's cave? Will Tag confront them and try to steal the crystal? Or will Zanzibar, who still thinks he can fly swoop in and save a feathered friend?

This time you have to make a choice. How will this story end and what characters are involved?

The 2012 club membership gifts are a Tuthpeck and Babul or a Tuthpeck and Zanzibar. You choose which one you would like to receive. Please circle the #1 or #2 for your choice of Toothpeck. The Tuthpeck's were sculpted and painted by Krystonia artisans in the England factory.

The redemption figurine will be Grunch's Toothache and a surprise bonus or Tag the troll and a surprise bonus. Both figurines have been given special member's only pricing.

Each Krystonia figurine will be hand signed and numbered. Babul, Tag, Zanzibar and Grunch's Toothache will all include additional silver highlights.

You may purchase one or both memberships and one or both redemptions. Sort of like a buffet of figurines. If you do choose to purchase both membership groups and both redemption figurines you will receive a bonus price of \$120.00 instead of \$140.00.
